EDUCATION

SRM Institute of Science and Technology Kattankulathur **July 2023 - May 2027**

Bachelors in Computer Science and Engineering with specialization in Cyber Security *CGPA - 9.1*

SKILLS

- **Programming** : C++, Python , Java , Javascript, Data Structures and Algorithms, MySQL
- **Web Frameworks** : HTML5, CSS3 ,React , Streamlit , FastAPI , Flask , REST APIs
- **Database** : Postgres SQL
- **AIML** : Scikit-learn ,Tensorflow, Keras, NLTK , Numpy ,Pandas
- **Automation & Monitoring** : Git/GitHub, Docker , Grafana, Prometheus
- **Cybersecurity & Networking Tools**: Nmap , Metasploit , Wireshark
- **Operating System** : Windows ,Linux

EXPERIENCE

Software Developer Intern — Kernel Arch Labs March 2026 - May 2026

- Built a zero-copy IPC layer using shared memory and lock-free ring buffers for a Linux userspace runtime.
- Implemented HMAC-based message integrity and capability-based security for inter-process communication.
- Optimized for low-latency (<200ns) and high-throughput process messaging.

PROJECTS

Voyonta:AI-Powered Itinerary Planner React, Prisma, Pinecone (Vector DB), Zod, Tailwind CSS

- Developed a multi-stage AI pipeline using LLMs for intent extraction, **preference analysis**, and personalized itinerary generation
- Implemented RAG with **vector-based** search to combine user inputs with external travel data for accurate recommendations
- Designed **optimized itinerary generation** with location clustering and time-aware scheduling for efficient travel planning

Minor Project – Context-Aware Job Recommendation and Skill Gap Guidance System(Ongoing)

Under the Guidance of Dr. Meenakshi K Python (spaCy, LLMs), BERT, Redis , Zenrows

- Developed an end-to-end **NLP-based system** to parse resumes and extract structured features, improving extraction accuracy by **~30%** over baseline methods.
- Built an explainable job recommendation engine with skill gap analysis and course recommendation module, enhancing match relevance by ~35% and providing targeted upskilling paths.

CERTIFICATIONS

1. Red Hat Certified System Administrator (RHCSA)
2. NPTEL Java Certificate
3. Google Cybersecurity Certificate

ACHIEVEMETS AND ACTIVITIES

- Top 7% in TryHackMe
- Obtained **2nd place in a Cybersecurity CTF competition,** demonstrating practical hacking and problem-solving skills.
- Assisted women from SHGs under EMS Ekta Mahila Sangh in opening bank accounts and managing collective savings, promoting financial empowerment.
